

The Value of HIE to Home Health Organizations

What is HSX?

HealthShare Exchange of Southeastern Pennsylvania, Inc. (HSX) is a 501(c)(3) health information exchange (HIE) serving the greater Philadelphia area.

- The HSX Mission is to provide secure access to health information that enables preventive and cost effective care; improves the quality of care; and facilitates the transitions of care.
- The HSX Vision is to build a trusted community of healthcare stakeholders collaborating to deliver better healthcare to patients.

HSX current membership includes acute care hospitals, health plans, behavioral health organizations, accountable care organizations, clinically integrated networks, independent ambulatory practices and federally qualified health centers in the five-county region.

Services Offered to Home Health Organizations

DIRECT SECURE MESSAGING (Direct)

- Receive and send clinical information facilitating transitions of care between providers

ENCOUNTER NOTIFICATION SERVICE (ENS)

- By subscription, a list of patient encounters (i.e. ED and inpatient admits and discharges) are sent to subscribing providers in real time or in a summary list
- Recipients choose how often they will be alerted and the workflow used to receive notifications
- Subscribing participants can also leverage **ENShare**, a web-based tool that is used to manage notifications dynamically in real-time

CLINICAL DATA REPOSITORY (CDR)

- Search the CDR for longitudinal clinical information about patients

Home Health Organizations Benefit as HSX Participants

- Receive **encounter notifications** when your patients are admitted or discharged from a member hospital (available by subscription)
- Acquire the HSX **master provider directory**
- Obtain ability to **communicate electronically with peer providers** through direct secure messaging
- Access **historical patient data** to inform treatment and care plans (available in future through CDR)
